Senegal University Situation

Senegal is a West African country with a large student population, but university infrastructure is far below demand.

In 2020 Senegal registered 72,295 new baccalaureate holders, The total number of students in Senegal is over 300,000 for only 5 universities.

This deficit means that Senegalese students are moving to other countries.

Senegalese are the largest black African population to study in **France with 12,415** students in 2020.

According to Unesco there are **14,829 Senegalese** students abroad.

Why the SAUTUS?

This fair is dedicated to helping students discover the many educational opportunities available in Turkey. By meeting representatives from accredited Turkish post-secondary institutions, be it language schools, colleges or universities, you will be able to explore and discover all the possibilities.

The Turkish Universities Fair In Senegal will be an opportunity for Turkish Universities to make themselves known to Senegalese pupils and students in order to make Turkey a privileged destination for Senegalese students.

This fair is the first Show after COVID-19 and the first Show after the Bac exams, which makes the ideal setting for recruiting new students and making themselves known to students and pupils who have just finished high school.

The Location: Cheikh Anta Diop University (UCAD)

This SHOW will be held at the Cheikh Anta Diop University of Dakar (UCAD) which is the largest university in Senegal and has more than **100,000 students**. UCAD is also the first French-speaking university in West Africa and was inaugurated in 1959.

UCAD is located in the center of Dakar and is surrounded by the **5 largest high schools in Dakar.**

UCAD welcomes students from more than **20 countries.**

Thus we hope to receive more than **5,000 to 10,000** student and student visitors to the TURKISH UNIVERSITIES FAIR IN SENEGAL in Senegal.

Some Practical Information

The universities

- Turkey offers a diversified training offer with a network of more than 200 public and private higher education universities (all fields combined).

The diplomas

- Higher education diplomas are structured in LMD (License-Master-Doctorate), they are guaranteed by the State and recognized worldwide. Thus, the degree you receive from a university in Turkey is recognized in all European countries!

Tuition / scholarship

- Turkey is a unique country in terms of offering high quality education options with very low tuition fees compared to many leading countries in higher education. The lower and upper limits of the amount of contributions receivable from international students are determined by the government and the net amounts are left to the initiative of the universities.

Some Practical Information

Life in Turkey

- The monthly budget that you need to reserve for accommodation will vary between 215 TL and 2,500 TL (15,000 CFA Frs to 150,000). State dorms, college dorms, private dorms, and rental apartments each have varying costs. There is a monthly payment for the dorms so you don't need to pay in the summer when you are not staying in the dorm. However, you will have to pay the rent for the house on a monthly basis, 12 months a year.

Insurance and health expenses

- Health insurance for international students varies between 20,000 and 35,000 CFA francs per year in private policies. These private insurers allow you to benefit from free health services at contracted hospitals within the limits specified in the policy. It is important that you also obtain an English copy of your policy and read the relevant articles carefully.
